

'BIKE BURBS

7 easy ways to transform your neighbourhood into a bike-friendly village

- 1 Set up a Facebook group and share it on your local community page.
- 2 Hold social events: picnics, group rides of local highlights, bike + coffee meetups.
- 3 Show up to community events en masse. School fairs, working bees, quiz nights, local Santa Parade – anywhere, any time.
- 4 Talk to local businesses. Perhaps some of them would offer discounts to customers on bikes?
- 5 Link up with similar groups. See the full list here:
www.bikeauckland.org.nz/bikeburbs
And let Bike Auckland know you exist!
- 6 Establish relationships with your local board, local councillors and your local MP.
- 7 Initiate bike-related projects which would improve your local community: Bike stands at the shops, intersection or cycle path improvements, a bike repair station...
